

# BUTLER 722

With **BUTLER 722**, the height of the wardrobe can be used to the full.

A simple push of a button lowers the clothes rod by 112 cm. A person of normal height can easily reach up to 190 cm which means the clothes rod in its upper position can be 300 cm above the floor. Thus, the lower part of the wardrobe can be used for another clothes rod or other form of storage.
